

## **How to make your stay in the DORM more comfortable**

Tufts provides the necessities if you stay in the dorm and you can do fine without the items listed below, but it can be a bit of a camping experience. So take it from those of us who have stayed before, it will be more comfortable if you:

- Bring slippers and robe
- Pack a flashlight
- Bring your own pillow\*
- Bring your own towels and soap\*
- Bring some hangers\*
- Check the weather report. Remember you are back in New England!
  - If it is forecast to be cold, bring a blanket
  - If the forecast is hot, bring a fan
  - If it is forecast to be perfect, you are all set

\*If coming by plane ask a classmate who is driving to help with this

Most important bring a sense of humor and adventure – The whole weekend is so much easier and much more fun if you are on campus!!! We all stay in the same dorm, we will have a gathering place between events and you never know who you may meet in the hallways!!! And think of all the other things that you can buy with the money you save.
